

Zoom Settings for Music

In Zoom, click on the caret/up arrow next to the microphone icon, and select Audio Settings.

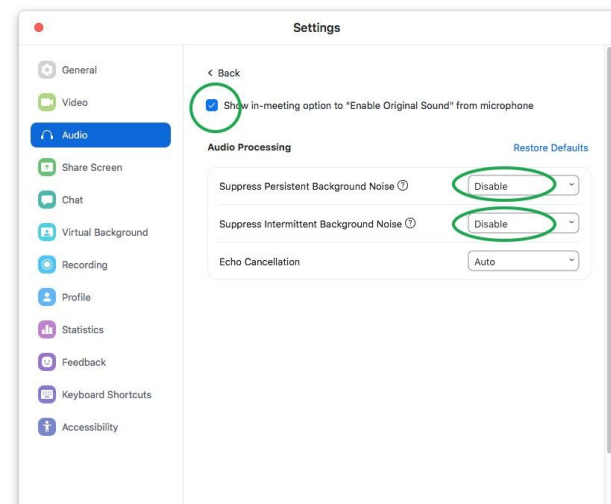

On the first screen:

- De-select "Automatically Adjust Microphone Volume."
- Slide the mic level up.
- Then, click on the Advanced button.

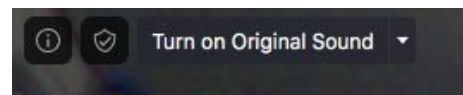

On the Advanced Screen:

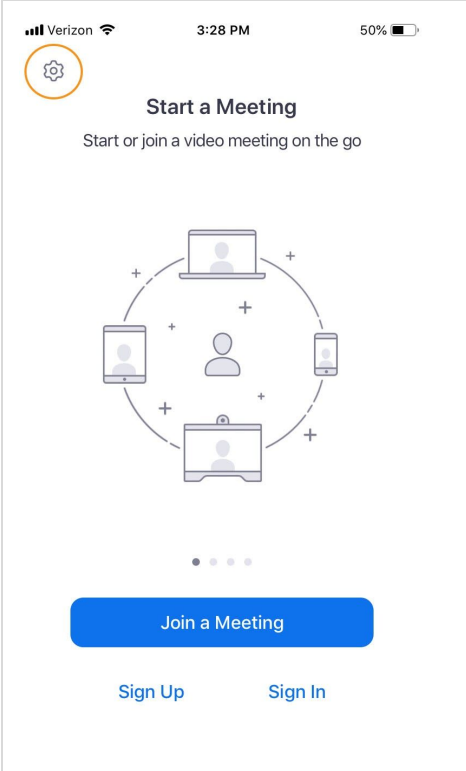

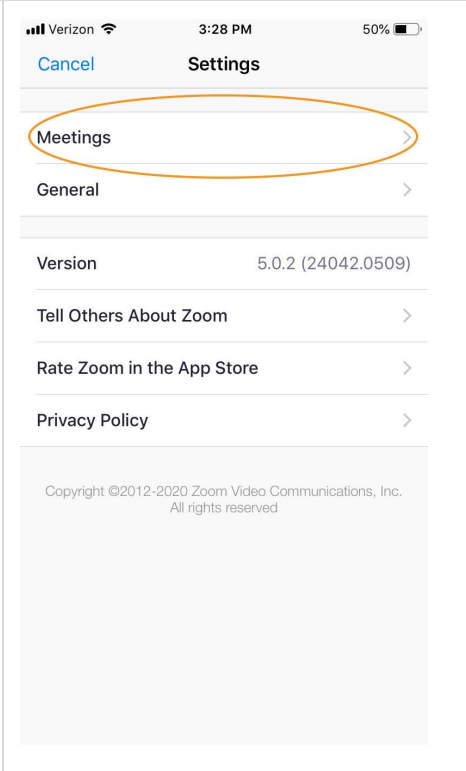

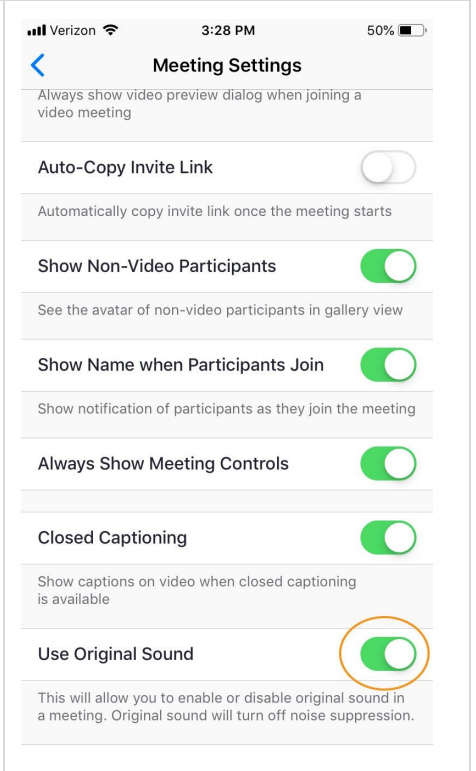

- Select "Show in-meeting option to "Enable Original Sound" from Microphone."
- Set "Suppress Persistent Background Noise" to Disable.
- Set "Suppress Intermittent Background Noise" to Disable.

Close the Audio Settings window and return to the Zoom window. Click on "Turn On Original Sound" in the upper left corner. (During a music session, it should say "Turn Off Original Sound.")
